Dear Ms. Malefane

RE: APPLICATION FOR CONDONATION

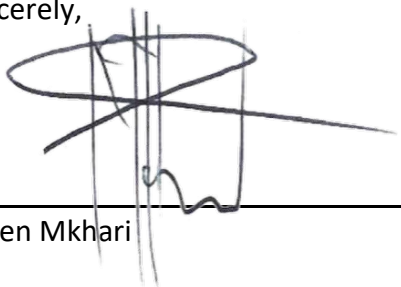

On 25 May 2012 POWER98.7 was granted an individual broadcasting licence by the Authority. The licence is awarded with the condition to apply for renewal 6 months prior to its 10-year anniversary.

We unfortunately failed to submit our application for renewal timeously and therefore find ourselves in breach of that condition. We humbly request that the Authority please pardon us for this oversight, which resulted from our systems not being in place during the COVID 19 pandemic.

Our application has since been submitted. Please accept our sincerest apologies.

We take full responsibility of our wrongdoing and assure the Authority that such irresponsible conduct will never occur again.

Sincerely,

Given Mkhari
