INDEPENDENT COMMUNICATIONS AUTHORITY OF SOUTH AFRICA

EXPLANATORY MEMO

1. INTRODUCTION

- 1.1. The Independent Communications Authority of South Africa ("the Authority" or "ICASA") acts in accordance with the empowering framework established by the Constitution of the Republic of South Africa¹, the Broadcasting Act², the Independent Communications Authority of South Africa Act ("the **ICASA Act**")³, the Electronic Communications Act ("**ECA**")⁴ and Postal Services Act⁵.
- 1.2 The Authority is empowered in terms of section 4(1) of the ECA "*to make Regulations with regard to any matter which in terms of the ECA or the related legislation must or may be prescribed, governed or determined by regulation*".

Section 4 of the ECA is read together with sections 4(3)(j) and 17C (5) of the ICASA Act", to make regulations that, *inter alia*, prescribe procedures for the handling of urgent complaints and non-compliance matters. Section 4(3)(j) of the ICASA Act provides that:

¹ 1996.

² Act 4 of 1999.

³ Act 13 of 2000.

⁴ Act 36 of 2005.

⁵ Act 124 of 1998.

"...the Authority may make regulations on any matter consistent with the objects of this Act and the underlying statutes or that are incidental or necessary for the performance of the functions of the Authority".

- 1.3. Pursuant to the above framework, the Authority promulgated the Regulations Governing Aspects of the Procedures of the Complaints and Compliance Committee of the Independent Communications Authority of South Africa, 2010 (**"the CCC Regulations"**), published on 6 October 2010.
- 1.4 This explanatory memorandum needs to be read in conjunction with the 2010 Regulations and the proposed 2021 draft regulations ("the 2021 Draft Regulations").
- 1.5 Where a clause or part thereof is not amended, or the amendment is merely to effect editorial changes, an explanation is not provided.

2. BACKGROUND

- 2.1. The CCC Regulations are aimed at prescribing the procedures to be followed when the CCC executes its mandate in accordance with section 17B of the ICASA Act which is to investigate, to hear if appropriate and make findings on:
 - (i) all matters referred to it by the Authority;
 - (ii) complaints received by it; and
 - (iii) allegations of non-compliance with this Act or the underlying statutes received by it.
- 2.2. On or about 18 August 2021, the Authority established a Committee of Council ("the Committee") to review and amend the CCC Regulations.

3. RATIONALE OF REVIEWING THE 2010 REGULATIONS

- 3.1. The rationale of reviewing the CCC Regulations, apart from outlining the procedure to be followed when lodging a complaint with the CCC, is to determine whether the provisions of the CCC Regulations are still relevant in their current form since their promulgation in 2010.
- 3.2. The review was necessary to ensure that the CCC Regulations are accordingly updated and aligned with the ever changing and dynamic ICT industry.
- 3.3. The CCC Regulations must prescribe clear procedures which are current and practical in its application. Such clear guidelines will facilitate and aid the CCC in executing its mandate in terms of Section 17B of the ICASA Act.
- 3.4. The explanatory memo canvasses the reasons for the proposed amendments.

4. REASONS FOR PROPOSED DRAFT AMENDMENT REGULATIONS GOVERNING ASPECTS OF THE PROCEDURES OF THE COMPLAINTS AND COMPLIANCE COMMITTEE OF THE INDEPENDENT COMMUNICATIONS AUTHORITY OF SOUTH AFRICA, 2021

It is proposed that the definitions contained in the 2010 Regulations be amended as follows:

4.1 Regulation 1:

- (1) The definition of "Complainant" is amended by deleting the reference to "an inspector appointed in terms of section 17F of the Act, Council, and any committee established under the Act". The specific reference to an inspector as a complainant, is no longer relevant in the context of the CCC Regulations, as an inspector can still be a complainant in terms of the definition, in as far as it speaks to "any other person".
- (2) A definition of "CCC Assessor" is inserted to ensure that the persons who investigate and assess complaints and disputes on behalf of the CCC are employees of the Authority. The "CCC Assessor" must be defined and reflected in the CCC Regulations as the reference to the inspector in

regulation 3(4) is no longer relevant and has been substituted by the "CCC Assessor".

- (3) The definition of "Days" is amended to ensure that the CCC Regulations are aligned with the definition of "days" in section 1 of the ICASA Act. The definition of "Days" is directly extrapolated from the ICASA Act to amend and clarify the existing definition (i.e. calendar day) in the CCC Regulations.
- (4) The definition of "Deliver" is amended firstly, to effect editorial changes and secondly, to insert the words "by hand or electronically". The insertion is to ensure that the parties are given an option to either deliver documents by hand or electronically, given their current available resources. This will enable a layman to easily lodge a complaint and ensure business continuity where it is not physically possible to hand deliver documents.
- (5) The definition of "quorum" is inserted to provide clarity and meaning to the reference of "quorum" in regulation 7 of the CCC Regulations.
- (6) The definition of "vexatious complaint or dispute" is to effect an editorial change to give effect to the grammatical meaning of the use of the word "persistently". A vexatious complaint need not be persistent to qualify as a vexatious complaint by the CCC. A vexatious complaint or dispute can either be a complaint that is persistently filed and/or without any reasonable grounds.

4.2 Regulation 2:

The following reasons are provided for the proposed amendment to regulation 2:

- (a) To create a comprehensive distinction between "filing of complaint" and "referral of dispute". The rationale for the above separation is that the CCC often encounters Complainants who interchangeably use the incorrect terminology and procedures when filing complaints and referring disputes. Therefore, the intention of the proposed amendment is to separate the distinct nature and procedures of a complaint vis-à-vis a dispute (see definitions of complaint and dispute in section 1 of the CCC Regulations). This separation will ensure that a layman who is not familiar with legal terminologies is able to complain to the CCC directly without any impediments. For example, a member of the public who wants to complain about their local community radio station can easily refer to regulation 2(1), draft his or her own complaint (without incurring costs for a legal representative) and file it directly with the CCC. The CCC Co-ordinator may

require more details from the Complainant in the form of an affidavit as and when required, depending on the merits of each case.

- (b) In the case of a dispute or inter-operator disputes, the standard of referral must be in the form of an affidavit. This will apply, for example, in an interconnection dispute referred to the CCC in terms of section 37(4)(c) of the ECA, between licensees.

4.3 Regulation 3:

The following reasons are provided for the proposed amendment to regulation 3:

- (a) The word "brief" in sub-regulation 3(3) is deleted to afford the CCC its own discretion to provide "sufficient" reasons after consideration of the merits of each case. Where the CCC rejects the complaint, reasons will be provided to the complainant. These reasons need not be "brief".
- (b) The deletion of the reference to inspectors and substitution of the CCC Assessors in sub-regulation 3(4) is recommended as the role of the inspector in terms of section 17F of the ICASA Act has evolved. With the appointment of CCC Assessors who are primarily responsible for the assessment and investigation of matters, the direct reference to the role of inspectors in this context is no longer relevant (the current Inspectors' Regulations do not permit direct referral of complaints by ICASA Inspectors). The CCC Assessors currently investigate matters received by the CCC and directly liaise with inspectors as and when the need arises.

4.4 Regulation 4:

The following reasons are provided for the proposed amendment to regulation 4:

- (a) To create a comprehensive distinction between "documents in compliant" and "documents in dispute". The rationale for the above separation is for the same reasons solicited for regulation 2 above. The separation of the documents in the complaint and dispute procedure will ensure consistency and integration in the drafting prose of regulations 2(1), 2(2) and 4, for ease of reference by the reader.

- (b) The amalgamation of the “documents in complaint and dispute” in Regulation 4 of the 2010 Regulations creates confusion. The sub-division of Regulation 4 (with the same heading) into sub-headings creates clarity regarding the documents to be filed by each party in the event of a complaint and a dispute.

- (c) In the case of a complaint, the licensee against whom the complaint is lodged will file a response and the Complainant may in turn file a reply within the stipulated timeframes. Whereas in the declaration of a dispute, the sequence of documents follows that of a Court of Law namely – Founding Affidavit, Answering Affidavit and Replying Affidavit to be filed within the stipulated timeframes.

- (d) The rationale for the insertion of regulation 4A is to codify the procedures and guidelines to be followed by the CCC when dealing with “Close of Pleadings, Withdrawals, Settlements and Postponements”. The CCC has since experienced some challenges that ultimately impact on their financial resources and timelines for executing their legislative mandate. For example, the CCC invests a substantial amount of time and resources in the preparation of the hearing. The Office of the CCC has to prepare bundles of documents and procure transcription services to be rendered on the day of the hearing. Where a Complainant withdraws or settles a matter at the eve of the hearing, it places the CCC in a precarious position and opens up the floodgates of liability for wasteful expenditure by the CCC. Furthermore, some Complainants who do not have legal representation, appoint a lawyer on the day of the hearing and request a postponement from the CCC during the course of the proceedings. It is for these reasons that there must be some level of control in place with an incorporation of reasonable timelines, to safeguard against the potential abuse of the system.

4.5 Regulation 5:

The following reasons are provided for the proposed amendment to regulation 5:

- (a) Sub-regulation 5(1) is amended to effect editorial changes. The sentence does not read well and the division into two parts will clarify the meaning of the sub-regulation.

- (b) The rationale for the insertion of regulation 5A is to provide the procedure in the CCC Regulations for the following: hearings and pre-hearings, the application to call witnesses, expert witnesses, interpreters, legal representation and general decorum.

The CCC often has to explain to the parties the procedure that is determined by the Chairperson. Given the fact that the procedure for application of witnesses or an interpreter is not currently in the CCC Regulations, the procedure is required to ensure a fair and consistent approach herein. The CCC, at its proceedings has experienced in the past, instances of disobedience and disregard for the procedures where parties opt to leave proceedings midway. To ensure that parties do not wilfully disrupt the proceedings at such hearings or obstruct the CCC from performance of its functions, a regulation has been inserted to address the general decorum at CCC hearings. This will act as a safeguard for insubordination at the CCC's formal hearings and ensure that the parties must adhere to the proceedings in their entirety.

4.6 Regulation 6:

The following reasons are provided for the proposed amendment to regulation 6:

- (a) The heading of regulation 6 is amended to effect editorial changes. The heading "Urgent Complaints or Disputes" instead of "Urgent Matters" will ensure uniformity in the contents of the CCC Regulations.
- (b) Sub-regulation 6(1) is amended to expand on the incomplete sentence ending in "must motivate why". The amendment clarifies and ensures that reasons for the urgency are canvassed in the Complainant's application for urgency.

4.7 Regulation 7:

The following reasons are provided for the proposed amendment to regulation 7:

- (a) The heading of regulation 7 is amended to effect editorial changes. The heading "Quorum and Place of Hearings" is inverted to read "Place of

Hearings and Quorum". This follows the sequence of the contents in the sub-regulations below the heading.

- (b) Sub-regulation 7(1) is amended to document ICASA's relocation of their head office from Johannesburg to Pretoria – Centurion which falls within the City of Tshwane. Furthermore, hearings in the provinces will allow the CCC to reach out to communities to access justice and form a regional presence in creating public awareness of the CCC's mandate.
- (c) The insertion of sub-regulation 7(1A) is to provide for teleconferences and virtual hearings in the CCC Regulations to ensure business continuity by considering instances where it is not possible to hold physical hearings and to outline the procedure for parties who wish to make an application for such a teleconference or virtual hearing. The criteria enlisted is included to ensure fairness and certainty regarding the Chairperson's determination whilst granting an application to hold a teleconference or virtual hearing as opposed to a physical hearing.
- (d) Sub-regulation 7(2) is amended to clarify the constitution of a CCC quorum. This sub-regulation must be read in conjunction with the proposed definition of "quorum" in regulation 1 above.
- (e) Sub-regulation 7(3) and 7(4) are deleted as the current administrative processes adopted by the Office of the CCC ensures that a quorum is met before a hearing or meeting is held. The insertion of the definition of "quorum" in regulation 1 above read with regulation 7(2) specifies the requirements for a CCC quorum as follows: "quorum means the majority of CCC members at a hearing, pre-hearing or meeting which consists of the Chairperson, Councillor and two (2) CCC Members who must be in attendance". Should the quorum not be met, the hearing or meeting will be adjourned and/or postponed by the CCC.
- (f) Sub-regulation 7(5) is deleted as the term for the appointment of CCC Members is sufficiently regulated and addressed by section 17A(1) of the ICASA Act. The CCC Regulations must be aligned to the ICASA Act. Sub-regulation 7(5) is incomplete in its current form and misplaced under regulation 7 entitled "Place of Hearings and Quorum".

4.8 Regulation 8:

The insertion of regulation 8A deals with the issue of costs. The CCC has encountered a number of cases where the Complainant withdraws at the eve of the hearing. This results in the Respondent enquiring from the CCC whether costs can be recovered from for the inconvenience and prejudice caused in employing legal Counsel. Therefore, the CCC Regulations should clearly state that the CCC as a quasi-judicial body, is not empowered to award costs.

4.9 Schedule

The following reasons are provided for the amendment of the schedule to the Regulations–

- (a) To effect editorial changes to the word “take” in paragraph (a). “Take” is not grammatically correct in the context of the sentence.
- (b) Sub-paragraph (d)(ii) is amended to effect editorial changes by paraphrasing the sentence to ensure that the meaning is clear and concise.
- (c) Sub-paragraph (d)(vi) is amended to effect editorial changes to clarify the meaning of the sentence.
- (d) The word “attempt” in paragraph (e) does not create an onerous obligation on the CCC. Deletion of “attempt to” will cure the defect.
