

ICASA / SABS
TELECOMMUNICATIONS
STANDARDS
SUBCOMMITTEE

M E M O R A N D U M O F U N D E R S T A N D I N G

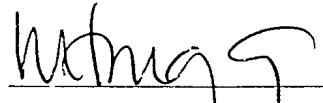

1. This is a joint venture between ICASA and SABS for the generation and/or adoption of Telecommunications and Broadcasting Standards in South Africa.
2. This committee will be established in terms of the SABS operating procedure as set out in the Standards Act.
3. A person designated by ICASA will head this committee.
4. Secretarial and other support functions will be provided by SABS.
5. Completed standards have to be approved by the ICASA Council before publication by SABS as dual numbered SABS/ICASA standards.
6. Standards developed by this committee and approved by the ICASA Council will carry dual SABS and ICASA numbers e.g. ICASA's current TE-001 specification will become: SABS 12345 TE-001.
7. Standards that are generated or adopted by this committee will be provided to ICASA by SABS in electronic format. In addition SABS will provide ICASA with ten hard copies free of charge for reference purposes in ICASA offices.
8. ICASA and SABS may print and sell hard copies of these standards in accordance with their own pricing structures, and make the electronic versions freely available on their websites, subject to any copyright restrictions applicable to the source documents in the case of adoptions.

MG Kellermann

Exec. Dir: Non-Commercial, SABS
