To make our services more accessible and affordable, MTN is offering additional inclusive value on the SIM only Made for Me S price plan

To make our services more accessible and affordable, MTN is extending the 1GB YouTube promotion to the Made For Me S Top-up price plan.

Customers are receiving additional promotional YouTube data on a monthly basis for six (6) months on activation of the contract.

In our endeavour to make our services more accessible and affordable, MTN offered promotions on selected data price plans. (Additional value)

MTN offered promotions on selected data price plans. (Promotional anytime and night data)

In our endeavor to make our services more accessible and affordable, MTN offered promotions on selected price plans. (Additional free data)

Given the uncertain economic conditions due to the COVID-19 pandemic, MTN recently introduced the month to month SIM only contract options on selected post-paid price plans.

MTN offered customers who purchase a qualifying router upfront the first month of the price plan subscription free.

The MTN Pulse customer that refers a friend got a 1GB MTN Pulse Social Pass Bundle upon successful registration of the referred friend provided the qualifying referrer is still on MTN Pulse.

Eligible prepaid and post-paid customers who are registered on the MTN's Loyalty Program qualifies to earn loyalty points which unlocked the benefits of MTN's Summer Promotion.

The "Black Friday" promotional deals, were available from selected channels. These tiered deals were available on SIM only price plans. (with Sh@relink Mifi router)

As part of our Black Friday deals, MTN offered a 36 month contract on the MTN Home Wi-Fi 200GB price plan deal to qualifying customers.

In our endeavour to make our services more accessible and affordable, MTN will be offering extender promotions on selected data price plans. (YouTube and Music streaming promo data value)

MTN introduced the 1TB (1000GB) Home Wi-Fi deal. The promotional inclusive value was 1000GB Anytime data plus 110GB Night express data.

Product description

In reaction to the current lock-down period declared by President Ramaphosa, the demand for data has increased and in response to the need for more affordable data, MTN business launched Adhoc bundles.

This offer is part of the 'Be safe' campaign and was available to new and existing POSTPAID - ENTERPRISE customers. (bundle price reduction)

The demand for data has increased and in response to the need for more affordable data, MTN business launched reduced FLTE offers. (Subscription price reduction)

MTN offered the Made For Business Data+ product suite on a 12-months upfront payment basis. Some small businesses do not meet certain affordability assessment criteria and as a result they do not qualify for post-paid contracts.

Licensees like MTN are required to provide support to the education sector and promote virtual teaching during this 'lock-down' period.

In response to this demand MTN POSTPAID - ENTERPRISE offered the 30 gigs data bundle

Given the current COVID-19 situation and the economic uncertainties, MTN offered Made For Business Data + deals on one (1), six (6), twelve (12) and twenty-four (24) months contract duration options. Now, MTN gave the customers an opportunity to migrate between packages and increase the contract term, migrating to certain price plans will result in customers getting 10% extra inclusive value.

Product description

MTN introduced 30GB Once-off Value for business customers, new and existing customers that do an upgrade or take up a new contract line received a once-off free 30GB Anytime data that has a 30-day expiry period.
