11.6 We would humbly like to bring to the attention of the Authority the fact that the application for MOZOLO REVIVAL FM broadcasting license, comes as a result of the general outcry from the community after the closing of Mozolo FM because of the problem of non-compliance, as we were informed. The closing of the station left a huge vacuum, more so in the light of the fact that people need to be informed and

warned about the danger of Covid 19, and the medium of communication they were used to listen to is no more.

It is therefore, our humble request that this application should be considered favourably, and the license be granted in order that the gap left by the closing of the station can be bridged. The Management Board is established, and appropriate management is appointed to ensure the best service and full compliance with the rules and regulations related to the running of the community radio station.
