Dear Chairperson,

**Support for the establishment of Siph'esihle FM in Hankey**

My name is Thembekile Richard Majola, a Member of National Parliament, RSA. I am writing to you to pledge my support for the establishment of a community radio station (Siph'esihle FM) in Hankey.

Community radio is usually for the people, run by the people and owned by the people. Secondly, it enhances the range of social issues such as communication, education tool, promotion of traditional culture, information sharing, entertainment, and job opportunities. It is ideal for low-income populations and sparsely - populated areas such as Hankey since radios are affordable and broadcasts can reach a wider audience. In Hankey where access to the internet is limited and the literacy rate is low, a radio station can play a major role in sharing news and educational information. Therefore, the establishment of a community radio station in Hankey can potentially be a major driver of revenue across the community or industry.

I, therefore, wish to express my full support for this innovative idea and strongly believe that it will provide a meaningful platform for community engagement in Hankey.

I certainly hope that you concur with the views expressed above and that the idea will receive your full support and consideration.

Yours Sincerely,
