The radio station submitted minutes and attendance registers of two meetings held with the community programming committee on 10 February 2016 and 30 March 2016 respectively. The first meeting dealt with issues about health and nutrition and the second one discussed the integration and partnership of local artists in the upcoming twentieth celebration of the radio station.

The Licensee's management initially reported that they could not submit the minutes and attendance register for the radio station's AGM held for the year under review. This they alleged, was because these were not made available to them by the Secretary of the Board. However, when the Chairperson of the Board was contacted, he mentioned that the station management should be in possession of the AGM minutes. This is indicative of the challenges between the Board of Directors and management of the radio station with regards to the running of the radio station and overall accountability. The radio station's management later confirmed that there was no AGM held for the year under review.

There will be further engagement with the two management structures to find a solution for the radio station to comply with all its community participation obligations.
