

To whom it may concern

ISIBAYA is supporting ULTRA FM on their new journey. It's a world full of possibilities and opportunities. We wish them all the best. We can't barely to have very first ever radio station in Kokstad.

We are a growing community that deserves bigger economical resources. Resources that promote health, independence and positive lifestyle. We believe that ULTRA is just that resource.

ULTRA will help us to advertise, and also helps to grow and train youth on media related field.

Kind regards

ISIBAYA
