Subject: Submission on Draft Regulations for Dynamic Spectrum Access and Opportunistic Spectrum Management (Government Gazette No. 52415, Notice 6066 of 2025)

Dear Ms Ntshalintshali,

On behalf of World Mobile, we are pleased to submit our written representations on the Draft Regulations for Dynamic Spectrum Access (DSA) and Opportunistic Spectrum Management in the Innovation Spectrum (3800–4200 MHz and 5925–6425 MHz), published in Gazette No. 52415.

World Mobile supports ICASA's efforts to foster innovation, reduce barriers to entry, and expand affordable broadband to underserved areas. We commend the Authority for initiating a regulatory framework that encourages inclusive and dynamic spectrum usage models.

Please find attached our formal submission, which includes evidence from operational deployments, technical insights, and policy alignment recommendations. We respectfully request the opportunity to make an **oral representation** during the public hearings.

Sincerely,

Robert Magembe

On Behalf of World Mobile
